#### **PRESIDENT'S MESSAGE**

Here we are in July and some trails still remain closed due to snow or are too wet to travel. How thankful we are for the water situation. While we were at Edison lake the spillway was running full speed, what a sight! What a privilege it was to once again have **Ron Jefferson** drive up to Edison to give the workers a night of music. It doesn't get any better than sitting by the fire and listening to Ron. How nice it was to go over to Montana De Oro to ride and relax for a few days. Thanks **Pete Parkin** for once again organizing the ride at Montana De Oro had no spaces left. Looking for a way to beat the heat and do some riding? Come on up to Tamarack for our first annual **Diana Sorensen Poker Ride**. The ride will take the place of the Shaver poker ride with many more offerings. We will offer you a choice of 2 rides and offer overnight camping. The road has been improved. We will be having some entertainment one night. The date is Aug 5th, but come early and camp out. Light breakfast and deep pit lunch will be provided. All pre-registered will go into a drawing for a belt buckle. Hope to see you there.

The Sequoia forest has enlisted the help of our unit for some packing projects. Thanks to **Bob Herrick** for already helping out with one of the projects. Big Meadows continues to flourish, thanks to those who helped out on our work project there. Donations continue to come in and are paying the way of the camp. Thanks to all who continue to donate to this on going venture. Thanks also to **Jim Knabke and Duane Peverill** from our unit and **Trish Pendegraph** of the **High Sierra** unit for overseeing the camp.

We will be having a small work party **Aug. 22-24 at Chamberlain** camp, if interested call **Joe or Carol at 559-909-0505.** We will also be putting on a **Beginning Pack Trip to Chamberlain Camp Aug. 25-27**. Again call Joe or Carol at 559-909-0505.

We are still looking for a historian for our unit. Also if you have a favorite place to ride and would like to host a ride, we would be glad to help with the particulars.

Remember to stay in the saddle, the ground is hard, Joe Kaminski President

#### Montana De Oro

By Ted Fischer

Hi there Cowboys and Cowgirls,

This message is coming to you from beautiful downtown Montana De Oro on the beach and out of the heat. Seriously the weather here on the beach and on the East boundary Trail is beautiful. Most of us arrived Friday afternoon to the sun-baked campground of 75 degrees. The night time activities consisted mainly of sitting around the campfire to talk, tell old stories and stay warm. Fifty-five degrees is cool, especially when you just left 108 degrees. Some folks arrived a day early to cool off, relax and ride. The early arrivers were JC and Pete Parkin, Joe and Carol Kaminski and Pat and Duane Peverill. The rest of the beach crew were: Bob Skinner and Michelle Collarman; Gary and Sue Van Sickle with their granddaughter Sky; Hanna Rousey and Dustin McMurry; Paul Sorensen; Rick and Patty Pereen; and Debbie Davis and Bill. What a great group it was! We all talked, ate, rode, laughed and told stories of the past. It sure is fun to be together with old friends around the campfire and out on the trail.

Speaking of trails, do you know how the BLOODY NOSE TRAIL got it's name? I heard that a cowboy got in a fight over a beautiful girl down at Spooner's Cove and rode home with a bloody nose. What have you heard? The rides on the beach were absolutely beautiful with the waves washing in and out across the sand. Most of the horses, which included mine (Hank), didn't really like the foamy sea water washing back and forth across their feet and underneath bellies. But the white crested wave, the beautiful sand, the large chunks of seaweed and driftwood were gorgeous. Some folks rode the inland trails, the East Boundary Trail, the Hazard Trail, the Canyon Trail that leads into Spooner's Cove and the Canopy Trail. I heard that some never left camp because they couldn't take dogs or beer out on the trail. We all had fun and wished that more of you could have made it out this year.....perhaps next year. I want to thank **Pete** for putting this ride together for us and those that got the BBQ going for Saturday night's BBQ and pot luck. Whan an outstanding meal that was!!! I gained five pounds!!! Enjoy the pictures mostly taken by **Duane**. See you next month at the **Tamarack Ridge Poker Ride!** 

#### **Edison Work Party**

Lake Thomas Edison Work Party

We had a pretty successful week of it without anyone getting hurt and only minor trailer damage. Most of the group arrived the afternoon of Saturday the 24th of June rigs with a lead vehicle taking them through the wonderful narrows of Kai-

ser pass. My brother **Doug** and I (**Jim**) arrived at dusk just in time to have a little light for getting the stock put up and saying good night to the rest of the crew.

Sunday the 25th we hit the trail for a reconnaissance run to find out the scope of work we had to do on the trails. Allen, from the pack station led us out on the ride and we spent most of the day on the trail. We made it as far as Cold Creek, and GPS recorded 6 fallen trees across the trail to that point. Cold Creek was running too fast and deep to cross. Monday we hit the trail about 10am and with the help of Josh from the Forest Service we were able to clear 1 log with the chainsaw. Once we hit the wilderness, we had one log to take out with the buck saw, then some logs on our side of Cold Creek and clear an alternate route for backpackers to take a large fallen log across the creek up about 100 feet from the regular trail. We had loppers, axes, and small saws as well, that helped with some brush and cleaning up the fallen trees where they crossed the trail. Debbie Mc Dougald showed up Monday night and after another terrific breakfast, we headed out Tuesday morning at 9:30 with 1 pack animal loaded with gear needed to remove a 52" log found on another trail. All went well until we hit the marshy areas again. After a small blow up with mine and Doug's horses the rest of the group continued on. Doug and I headed back to camp on foot with our heads a little lower as we had to return to the valley that day.

This was the first work party for **Doug**, **Matt, Rhyann**, and me and we really enjoyed the whole group. **Bob** and **Josh** were awesome preparing everyone and making sure the rookies did not hurt themselves. I can't say enough about the fellowship, storytelling, and wealth of knowledge shared on the trail, and around the campfire. Many thanks to all who participated. **Joe, Carol, Allen, Randy, Matt and daughter Rhyann**, **Bob, Pete, Josh, and Debbie.** A huge thank you also to the **Cunningham's, John and Jenice** for the warm hospitality we received. Until we cross trails again...Jim Laber

#### **BIG MEADOWS**

What a great time we had at Big Meadows work party. We were but a few, but we took on a huge project with a tree down in the middle camp. One thing we did have was plenty of fire wood. Thanks to **Jim Knabke, Pete Parkin, Duane Peverill, and Carol Kaminski** for what was accomplished. Sure was nice to beat the heat.

#### Backcountry Cooks

#### FROM PAT PEVERILL

#### **HOBO Dinner for Camping**

1 large potato, peeled & diced 1 large carrot, peeled & diced

1 medium onion, sliced

1 frozen hamburger patty

#### 1 teaspoon seasoning salt, to taste

#### **Directions**

Place veggies and hamburger pattie in middle of large sheet of aluminum foil.

Sprinkle with seasoned salt.

Bring up the two long sides of the foil to meet above the food, fold (crimp) the foil several times until it is snug against the food.

Fold (crimp) the short ends of the foil several times until snug against the food.

This will seal the food in and prevent leakage.

Place package directly on hot charcoal and cook for about 15 to 20 minutes each side (or, you can place package in a 350 degree oven for 45 minutes to 1 hour).

#### The Lighter Side of the Barn

#### Barn Nonsense

Why is horse racing so romantic?

Because the horse hugs the rails, the jockey puts his arms around the horse and you can kiss your money goodbye!

#### **Peter Parkin Pipeline**

A word to the Wise. Just because your tires look good on your trailer, they might not be as safe as you think. Be sure to check out the condition of the tires before hitting the road. To be safe on the road, you should check your tires to make sure they are properly inflated and don't have leaks, bulges, excessive wear or damage. You should also check to see what year your tires were made. According to the **National Highway Traffic Safety Administration (NHTSA)**, tires can degrade over time. It is especially important to check the age of tires that aren't driven on regularly, such as spare tires and those on horse trailers. Here is a way to check the date of your tires.

Look for lettering on the sidewall of your tires. It will be near the center of the tire.

Find a code that begins with the letters "DOT," short for Department of Transportation, followed by a 10- to 12-character combination of numbers and letters.

Skip to the last three or four characters in the combination. These should all be numbers, directly after three or four letters.

Translate the first two numbers. These numbers indicate the week in which the tires were made. For example, "15" would signify that the tires were made the fifteenth week of the year.

Translate the last one or two digits. If there are three digits, the tires were made before 2000. An "8" would signify that the tire was made in 1998. All tires made in the 2000s use a two-digit code for the date. Therefore, "08" as the last two digits inform you that the tire was made in 2008.

One last thing. Check your Safety Chains and MAKE SURE they are not dragging on the ground. They can create sparks and cause a fire along the road. The last thing we need is another forest fire. Until we meet again. Happy Trails
